

Distinctive. Different. Dynamic.

We're thrilled to introduce our **NEW 4 Seasons of Interest Program** where you can experience colorful flower arrangements and seasonal decor at your property all year long!

4 Seasons. 4 Color Changes.

Our seasonally scheduled flower change outs occur 4 times per season and include custom grown, top notch performers. Dowco picks out colorful combos that rock and are available in 3 levels of style and spacing to make them unique to your property. Our best program includes large, tropical focal points to dazzle even the most discerning homeowner!

Dowco Signature Containers.

Knock your mixed containers out of the park with Dowco's signature container designs that always include show-stopping floral arrangements. With sizes to accommodate almost any space, our designs put new spins on color, texture, habit and height to put the finishing touches on your landscape.

Continuous Color. Reliability You Trust.

So, how about it? Why not let Dowco take all the dirty work out of planning your seasonal color, leaving more time for you and the family to enjoy your precious leisure time?

"Dowco is the provider of top-quality professional services for those who want the best!"

Planting Bed Pricing

Your seasonal display will begin in the early spring with the blooming of your bulbs that were planted in the fall, in combination with mixed pansies.

This is followed by summer annual flower plantings that are available in 3 different levels of sizes and spacing, culminating in the best level which even includes large tropical focal points to dazzle even the most discerning property owner.

With the approach of cooler weather, Dowco will shift installations to colorful kales, mums, and asters, in combinations with other fall favorites like pumpkins and gourds. This is when we would install those combinations of bulbs that will look so beautiful in the springtime.

After Halloween and Thanksgiving, when we all begin to think of winter, we can sparkle up those outdoor entries and displays with evergreen boughs, colorful branches, and holiday décor.

	GOOD \$200/100 sf	BETTER \$450/100 sf	BEST Starts at \$550
